Dear Brothers,

We have completed 10 months of operating our website with no discouraging word, or any interference from you. We are thankful for that and we are encouraged to continue on with our ministry of moving our two-hope earth-dominated organization to a one-hope spiritual-led brotherhood.

Last week, we published an article that serves as a overview of what we have accomplished in these past 10 months. It is entitled **Kingdom Update - November 2012**. A link to the article can be found on the **Update Page** of our site: www.AnointedJW.org. The Father has provided us with ample subjects to write about and, whether we understand it nor not, it appears that we are working together to educate and uplift our entire association.

We also updated the appearance of our site and improved the ability to navigate through it. Please feel free to visit and browse through the articles. And, of course, if anything we publish is not in harmony with the scriptures, please bring it to our attention and we will address it, or correct it as needed.

Since it appears to us that you are moving toward the bright light of sonship with God, we will continue to pray for your ongoing forward momentum.

Your Brothers and Ambassadors for Christ,
