

## QUESTIONS AND RESPONSES

---

**On April 18, 2015, we received the following inquiry:**

“I’ve been to your other two sites. Both are very good - no - most excellent resources. The question I now have to ask now is "What is happening within the Jehovah Witness movement? P.S.: Stay anonymous, and separated from any type of politics.”

To the author, thank you for your email and for visiting our other sites, [www.FaithSonsofGod.org](http://www.FaithSonsofGod.org) and [www.TheChristExperiment.org](http://www.TheChristExperiment.org).

As far as ‘the Jehovah’s Witness movement,’ according to our sources, the leadership is struggling and flailing. They are very proud men who resist being corrected. However, we are noting some changes. Specifically, this year, their District Convention seems to be wholly based on Jesus, which only happened once before in their 100 year history. Of course, all we know at this time are the titles of the talks, so we will have to wait to see if the content of the information honors Jesus and reflects his plain and open teachings. We will have to wait to see if the information will move people to follow Jesus **completely**, that is, into the heavens where he currently resides, or whether the Governing Body will continue to stand with their backs to the door to the heavenly kingdom preventing our brothers and sisters from entering.

Nevertheless, we believe this possible change from minimizing Jesus to now acknowledging him is due, in part, to the large numbers of Jehovah’s Witnesses who are writing them and questioning their teachings about Jesus and the heavenly hope. To date, our reports indicate that over 1.5 million in the Jehovah’s Witnesses community have turned to the ‘plain and open teachings of Jesus,’ but most are quiet about it because in the Watchtower organization, any who fail to strictly and absolutely follow the teachings and interpretations of their Governing Body could be subject to disfellowshipping and shunning by their own intimate family members.

We also believe the change may have to do with the information on this site such as the articles **Who Are Jehovah’s Witnesses?**, **You Will Be My Witnesses**, **Lastly He Sent His Son**, and **That One Must Keep on Increasing**. Last year, we publicly posted our suggestions on how the Governing Body can successfully make the change from a two-class organization to a God-oriented, Christ-following fellowship in the series **Possibilities For The Father’s Acceptable Year**, and this may be having an effect as well. We will just have to wait and see what develops.

And we want to thank you for understanding our decision to remain anonymous. Some people think we are hiding, but that is far from the truth. Our intention is for people to focus on the message, not the messenger. We note that other web hosters who have published their personal names have been mercilessly attacked which has required them to spend more time defending themselves and less time on their intended ministry. We believe our decision to remain anonymous on our websites is why we have had the success we have enjoyed thus far.
